- **Degree Course:** BEng (Hons) in Electronic Engineering
- **Level of completed:** Successfully completed the Associate Diploma in Electronic Engineering (Pending Final Exam Result)

1st Year modules

- Electrical and electronic principles
- Electronic engineering
- Engineering practice
- Computing for engineers
- Introduction to programming
- Engineering mathematics
- Engineering technology and the Environment

1st year GPA: 2.63

2nd Year modules

- Digital electronics
- Analogue electronics
- Microprocessor-based systems
- Computer networks and communication systems
- Digital signal processing
- Control systems
- Mathematics for Electronic Engineers
- Business and management for engineers
- Integrative product analysis and design

2nd year GPA: 2.75

Final year modules

- Individual project
- Project management
- Electronic engineering
- Digital signal processing and mobile communications
- Optoelectronics and microelectronic systems applications
- Optical fibre communications
- Neural Networking.

Primary and Secondary Education

- General Certificate Examination (A/L) – 2009 Index No: -1658670
Passed in Mathematics stream
Passes: - Physics – S
 Combined Mathematics - C
 Chemistry – S
 English - S
- General Certificate Examination (O/L) – 2005 Index no: -51107040
Passed 1A, 3B and 4C
Passes: - A passes including Mechanical Technology
 B passes including Mathematics, S.Science and Sinhala Language
 C passes including Buddhism, Science, English and Art

Past student of Richmond College, Galle

- Pass the Sun Certified Programmer for the Java Platform, Standard Edition 5.0 Examination in "Sun Microsystems".

PROFESSIONAL EXPERIENCE
